## CONDUCTED BY ALBERT CHAPMAN Two-Thirty Time in 1874.

Country Gentleman. Many of our better than all Hambletonian." "Well, readers will be somewhat surprised (as look at that extract," said he, passing we were), to find the Morgans sending look at that extract," said he, passing ing the largest number to the sending me one more slip from the same paper. ing the largest number to the winning "There are the twelve best stallions of post in the time named, of any family each breed compared:" of horses. Mr. Wallace stated has year, in his second volume of Pedigrees of Trotting Horses, that the Morgans were gaining in popular estimation as trotters, but we presume he hardly thought they would so soon place the largest number on the 2:30 record in one season. One fact shown by the tables is, that the Morgans also furnish more than twice the number of the sires of the 2.30 horses than the Hamduality is not confined to particular strains or families of Morgans. They number twenty-one such sires, while the Hambletonians number only eight. Dwellers in Addison County will feel a just pride in looking over the list, to find that Lambert has sired the most 2.30 horses of the 1874 list of any of the Morgans. The list is not quite complete so far as horses of Morgan descent bletonians, proving that the speed plete so far as horses of Morgan descent | Hambletonian would be considered a are concerned, for there are a number better stallion than most of his sons, and KANSAS AND NEBRASKA INVESTMENTS not named in the list, that made 2:30, or better in 1874. For this purpose we took three his grandsire, St. Clair, while we were sheets of paper, marked one Hamble-in California, we think there is little tonian, another Mambrino, and a third doubt that St. Clair was a Morgan Morgan. Neighbor Ups laughed when horse. With these tables before hinf, who is prepared to rule out the Morgans as frotters? They have long been recognized as the most hardy, enduring, pleasant drivers, the most stylish, as well as possessing the best dispositions, and since they have on the track earned their reputations as trotters, we hope we shall hear no more from Vermonters about our being obliged to go abroad for trotting bloods. There is all the speed in the Morgans we can afford to have, full enough to ruin all the boys we want ruined by trotting horses.

DR. FLINT'S Quaker Bitters

Composed of Roots, Barks, and Herbs, - the great Blood Purifier of the day, - restoring vitality and energy. To the Aged, they are a blessing, -removing the infirmities of age, strengthening and stimulating the body and cheering the mind. Mothers and Maidens will find the Quaker Bitters a safe and reliable remedy, in all cases of illness incident to the sex, -purifying the blood, -- producing not only a vigorous circulation, but a beautiful and healthy complexion. Children suffering from sudden or severe attacks of illness peculiar to early life, often find ready relief by taking one bottle of Quaker Bitters. No one can remain long unwell (if curable) af-

ter taking a few bottles. Prepared by Dr. H. S. Flint & Co. At their Great Medical Depot, PROVIDENCE, R.I. FOR SALE EVERYWHERE.

Excelsior Coffee Pot!

The lamp chimney is certain to carry the trade. It is at least two hundred per cent, stronger than any heretofore found in the market, and is warranted to increase the loyar of the lamp to which it is applied from 20 to 25 per cent. The demand is already beyond the means of supply.

The coffee pet is warranted to make coffee from tensis and, and to extract the elemental principle from the coffee so perfectly that an actual saving in coffee is realized of one-third over any other form in use. It is secretarily do this. The coffee is as clear as amber without using any foreign matter to "settle it," and the aroma is all retained. It is perfection itself.

Any one who wishes a sure chance to make money will find it for his interest to apply to the subscriber.
